

Remarks

Thorough examination and careful review of the application by the Examiner is noted and appreciated. Applicants respectfully request Examiner to allow entry of the Specification amendments since they overcome Examiners rejection of claim 15 under 35 USC 112, second paragraph thereby removing issues on Appeal placing the Application in better form for appeal. Notice of Appeal and an Appeal brief has been filed in this Application.

Support for the amendment to the Specification is found in claim 15. No claims have been amended in the current (second) supplemental amendment and are presented according to the First supplemental amendment file on or about 12/11/2003.

In the event that there is some other issue that can be resolved prior to appeal, or for any other reason, the Examiner is respectfully invited to call the Applicants' representative at his Bloomfield Hills, Michigan office at (248) 540-4040 such that necessary action may be taken to place the application in a condition for allowance.

Respectfully submitted,
